Hi, Bill:

Attached are the final ESD for Anaconda Community Soils and Proposed Plan for Regional Water, Waste and Soils. I have also included a draft communication strategy and two draft final fact sheets to accompany the decision documents. The ESD is currently going through Andy and Andrea and should come to you. I'm trying to find time on Betsy's calendar for a briefing soon (next week?). I'll copy you on my suggested dates to Noah.

Thank you!

Joe
